TABLE OF CONTENT

Title Page	i
Table of Content	ii
Table of Figures	iv

CHAPTER ONE:

INTRODUCTION

1.0 Background of Study	1
1.1 E-learning Explained	2
1.2 Overview of the case study	3
1.3 Statement of the Problem	4
1.4 Purpose of the Study	4
1.5 Objective of the Study	4
1.6 Significance of the Study	5
1.7 Constraints of the Study	5
1.8 Research Methodology	6
1.9 Definition of Terms	7

CHAPTER TWO:

LITERATURE REVIEW

2.0	Historical Background	10
2.1	Theoretical Background	11
2.1.1	Information Technology	11
2.2	Learning Management System	12
2.2.1	Learning Management System Features	13
2.2.2	Learning Management System Features	15
2.3	E-Learning Management Functions	17

CHAPTER THREE:

SYSTEM ANALYSIS AND DESIGN

3.0	Research Methodology	21
3.0.1	System Analysis	21
3.0.2	Method of Data Analysis	21
3.1	Description of Existing System	22
3.2	Feasibility Study	22
3.3	Data Analysis	23
3.4	Description of New System Design	26

3.5	Development Model	27
3.6	Program Module Specification	28
3.6.1	Program Flowchart	29
3.7	Database Structure	29
3.7.1	Login Table	29
3.7.2	Student Table	30
3.7.3	Lecturer Table	30
3.7.4	Course Table	30
3.8	Requirement Specification	31
3.8.1	Choice of programming language	31
3.8.2	System Proposal	31
3.8.3	Design Objective
